

1. LIMITED PRODUCT WARRANTY: FIFTEEN (15) YEAR REPAIR, REPLACEMENT OR REFUND REMEDY

DENIM warrants that for fifteen (15) years from the date of delivery its Photovoltaic modules (PV modules) shall be free from defects in materials and workmanship under normal application, installation, and use and service conditions, according to DENIM installation manual and safety instructions. If the PV modules fail to conform to this warranty, then for a period ending fifteen (15) years from date of delivery to the original end-customer (the Customer), DENIM will, at its option, either repair or replace the product, or refund the purchase price as paid by the Customer. The repair, replacement or refund remedy shall be the sole and exclusive remedy provided under the Limited Product Warranty and shall not be extended beyond the fifteen (15) year period set forth herein. This Limited Product Warranty does not warrant a specific power output, which shall be exclusively covered under clause 2. hereinafter (Limited Linear Power Warranty).

2. LIMITED LINEAR POWER WARRANTY

DENIM warrants limited linear power degradation for its modules with specific milestones:

- **1 year** from delivery to the customer: **97%** of minimum peak power¹
- **12 years** from delivery to the customer: **90%** of minimum peak power
- **25 years** from delivery to the customer: **80%** of minimum peak power

Minimum peak power for specific year can be seen in **Picture 1**, where:

Value on **X** axis represents years after delivery of the module to the customer Value on **Y** axis represents minimum peak power for specific year

¹ Minimum Peak Power, if not expressed directly in DENIM Product Datasheet, is defined as Nominal Power minus Power Tolerance

- DENIM additionally warrants: if, within (X) years from date of delivery to the Customer any PV modules exhibit a power output less than (Y)% of the Minimum Peak Power as specified at the date of delivery in DENIM Product datasheet, provided that such loss in power is determined by DENIM (at its sole and absolute discretion) to be due to defects in material or workmanship, DENIM will replace such loss in power by either providing to the Customer additional PV modules to make up such loss in power or by providing monetary compensation equivalent to the cost of additional PV modules, at the option of DENIM.

3. EXCLUSIONS AND LIMITATIONS
